1 What is Nesmokesen and how it works

Nesmokesen is a dietary nootropic supplement made of a blend of powerful herbal derived ingredients intended to promote calm and relaxation, which can supply key nutrition to help support you in quitting smoking.

2 Before taking Nesmokesen

Who MUST NOT take Nesmokesen

- People who have allergy to one or more of Nesmokesen's ingredients (Check 6. Supplement fact).
- People with incapacitated angina.
- People who recently had stroke or heart attack.
- People with significant heart disorders.
- Pregnant or breastfeeding women.
- People with serious medical conditions.
- People taking MAO inhibitor drugs.
- People taking blood pressure medications.

Warning and precautions

Using Nesmokesen and smoking or using nicotine containing products may negatively interact.

People with one or more of the following conditions should consult physician before taking Nesmokesen; coronary artery disease, congestive heart failure, cerebral small vessel disease, arterial obstruction, high blood pressure, pheochromocytoma, stomach ulcer or reflux, hyperthyroidism, diabetes, some type of schizophrenia, kidney or liver failure and people 65 years or older.

Nesmokesen and other medications

Always consult your physician before taking Nesmokesen when you were recently taking medication or when you are taking medication or when you are planning on taking medication.

Taking Nesmokesen when taking anti-tuberculosis drugs (Streptomycin, PASA) reduces drugs' effectiveness.

Consult your physician before taking Nesmokesen when planning pregnancy. People under age 18 must consult physician before use.

3 How to take Nesmokesen

Recommended usage:

Take capsule with water.

Days 1-4	1 capsule	Every 2 hours (max 6 capsules a day)
Days 5-12	1 capsule	Every 2.5 hours (max. 5 capsules a day)
